# Problem of Job Seekers

- IT companies always prefer ready resource than fresher. Mostly, there are huge gaps in Academics within the Academic Curriculum.
  
- Fresher get frustrated month by month when they are not getting any job in any company and generates career gap in each month.

# Problem of Job Seekers

- Today's era of Internet skill improvement is possible by watching YouTube's online materials but fresher's need an Identity Tag with a company.
- It has been a trend in recent times that the B Tech & MBA students of various colleges are getting jobs not related to their subjects of study. This leads to a type of frustration among them. The situation is that they can neither leave nor stay with it happily. The trend need to be seen seriously....

# Job Market due to COVID-19
